Stephen City, Va. 22655-2453

Hi Gretchen,

Thanks to annual patrons like Cecil, our Club Scholarship Program is now able to assist our non-salaried employees, who have completed their Baccalaureate Degree, to continue their educational goals. These employees must meet our Club Scholarship Criteria in order to be selected for advanced financial assistance.

I am including a recent write up for the first employee accepted by our Club Scholarship Committee for funding in our Master's Level Scholarship Program. As you can see, Crystal received Club Financial assistance while achieving her College Degree for Registered Nurse as well as her Bachelor of Science Degree in Nursing.

Crystal began her Master's Level Schooling in the 2018 Fall Semester. Her goal is to complete a Master's Degree. She plans to continue working at the Army Residence Community as the very first Geriatric Nurse Practitioner on Staff in our Health Care Community.

Thank you and Cecil for helping to make this a real possibility.

Sincerely,

Marty Mc Kinley  
President, ARC Golden K Kiwanis Club
