

Joe Gibbs
Founder and Chairman

Dr. Gary L. Jones
Chief Executive Officer

Cecil,

July 31, 2020

THANK YOU!!!

I remember the day I first met you as clear as it was yesterday— July 14, 1988-- 32 years ago when Bill Hazel introduced us at our first fundraising event.

From that very first day of our introduction, your generosity has been most impressive and inspiring to me. Your gift of \$50,000 on July 14, 1988 was the biggest check I had ever seen at that point in time. And now—with what you have pledged for our Capital Campaign and your continued commitment in partnering with Joe and others of us-- I am overwhelmed.

With this gift, you are leading the way in preparing YFT for an exciting future, Cecil. Your generosity will be a principal reason much needed mental health services will be available to thousands upon thousands of children and families for years to come. As you know, their lives are in crisis when they appear on our "doorstep".

The Lord has used you in so many ways to be such a blessing to us- especially now in the most difficult era Youth For Tomorrow has ever faced.

I will be eternally grateful for your philanthropy with YFT and your friendship with me.

With a grateful heart,
