Dear Mr. Pruitt,

Wow! Thank you so much for your incredibly generous contribution from the Pruitt Foundation to ThriveWell Cancer Foundation! I loved reading the Pruitt Foundation website and all of the amazing groups who benefit from your support.

Your very generous gift means that many patients with cancer will be able to receive their life-saving treatment who would otherwise not be able to do so. Your donation will directly go to pay co-pays, deductibles, gas cars and professional rides for people to get to treatments.

Thank you so much for your caring and generous support.

Please let us know if we can ever provide more information or a more personal thank you.

Kind regards,

Mr. Pruitt-

I serve on the Board of the Thrivewell Cancer Foundation in San Antonio, Texas. I take the word “serve” very seriously, and I can tell from reading about your organization, and all the good you do for others, that it is a very important word to you, as well. It is such an honor for Thrivewell to receive funding from the Pruitt Foundation to help Thrivewell serve the needs of so many who need help navigating through the cancer process. My husband is an eighteen-year stage four throat cancer survivor, and over those eighteen years, we have never seen a greater need for help with transportation, navigation through such a difficult process, and need for community support as we have this past year. Your generous donation, in light of such difficult economic times for so many, will allow Thrivewell to serve those who are having such a difficult time being able to thrive well.

God Bless you and everyone who is a part of the Pruitt Foundation.
